	FX7002	2420	-
Weight (kg)	4.6		
Filter Classification (EN779:2012)	F8 (> 92%)		
<b>7000AFB</b>			
Airflow (m <sup>3</sup> /h)	Unit Attached	50 Hz	60 Hz
	FX6002	1860	2280
	FX7002	2420	-
Weight (kg)	4.6		
Filter Classification (EN1822:2009)	H13 (> 99.95%)		

## DESCRIPTION

The 7000AFB is specifically designed for connection to the Filtermist FX6002 & FX7002 Oil Mist Filtration Units.

Afterfilters are designed for the removal of oil smoke and any submicron particles that have passed through the Filtermist oil mist collector unit. The afterfilters are retrofitted to the Filtermist unit and fit easily over the exhaust end of the unit using clips to hold it in place.
